

Swedish Covenant Hospital

Price Transparency Policy

POLICY

It is the policy of Swedish Covenant Hospital to allow the public to view the hospital's standard charges in compliance with the Affordable Care Act, which amended Section 2718(e) of the Public Health Service Act. This policy is aimed to promote price transparency for patients in order to help them understand their potential financial liability for any service provided at our hospital, and to allow consumers the ability to comparison shop for similar services across hospital providers.

PROCEDURE

Swedish Covenant Hospital will make available for viewing, the detail charges along with a list showing our average charge by the Medicare inpatient diagnosis related groupings (DRG's)

To view our charge(s) or obtain estimated pricing for a specific service, visit our Financial Service Center (Galter Medical Pavilion, first floor, 8:30a.m to 5:00p.m., Monday thru Friday) or call us at 773-989-3841.
